

Texas Association of Accident Reconstruction Specialists

Release of Liability Form

This release is executed by _____, of the City of _____, State of _____, hereinafter referred to as "releasor."

In consideration of being permitted to be present at and/or participate in any accident investigation or accident reconstruction testing or other related activities conducted by the Texas Association of Accident Reconstruction Specialists, releasor hereby releases, discharges, and covenants not to sue the Texas Association of Accident Reconstruction Specialists, its Board of Governors, officers, and members, all referred to herein as "releasees," from all liability to releasor and to releasor's personal representatives, assigns, heirs, and next of kin for all loss or damage on account of property damage or injury to the person or death of releasor, caused by the negligence of releasees in failing to prevent such property damage, injury, or death of releasor while releasor is present at or participating in any accident investigation or accident reconstruction testing or other related activities conducted by the Association.

Releasor acknowledges that accident investigation and reconstruction testing is often an inherently dangerous activity and that any such activity conducted by the Association could result in property damage, personal injury or death. Releasor assumes the risk and full responsibility for property damage, personal injury, or death while at the place where such inherently dangerous activity may be conducted.

By this release, releasor does not release anyone whose active negligence causes property damage, personal injury, or death to releasor, nor does releasor release anyone for acts of willful misconduct or gross negligence.

Releasor states that releasor has carefully read the above release and knows the contents of the release and signs this release of releasor's own free will. The terms of this release are contractual and not a mere recital.
